

Huye 29th May 2015

Dear,

Re: Invitation to participate in a Public Lecture for World Environment Day hosted by the Center of Excellence in Biodiversity and Natural Resources Management in collaboration with the College of Science and Technology and REMA.

With great pleasure, the Center of Excellence in Biodiversity and Natural Resources Management in collaboration with the College of Science and Technology and REMA invite you to participate in a public lecture which will take place at the University of Rwanda – Huye Campus on June 3rd 2015 at 10:00am.

This public lecture will focus on sustainable livelihoods and the 2015 World Environment Day theme “*Seven Billion Dreams. One planet. Consume with care.*” We will highlight how environmental conservation and biodiversity contributes to sustainable lifestyles and the contribution of the Center of Excellence in Biodiversity and Natural Resources Management in coordinating the nations efforts in sustainable environmental conservation. The presentation will also highlight the initiatives of College of Science and Technology students and staff for biodiversity conservation and sustainable lifestyles.

For questions about the public lecture, do not hesitate to contact Beth Kaplin 0788664551 or Jeannette Batamuliza 0784461316. We are looking forward to being with you and we thank you in advance for your active participation in this valuable public lecture.

Sincerely,

For Prof. Manasse Mbonye
Principle
College of Science and Technology
University of Rwanda
